MOTOTRBO WEBINARS

Join the MOTOTRBO monthly webinars for a preview of Motorola Solutions' roadmap plans, details of new products and an opportunity to ask the experts questions.

MOTOTRBO monthly webinars are held in English, French, German and Russian. New for 2016, we are also presenting the webinars in Italian every two months. You only need to register once in order to attend the entire series* – we'll send reminders one week, one day and one hour before each webinar starts.

Don't worry if you're not available at the time the webinar runs – we also record the sessions and they are available to view on demand at a time to suit you.

See the next page for the schedule and links to register or review previous sessions.

* Italian January webinar requires separate registration
